SCYLLA

Providing safety to students, faculty and staff is a challenging task given all the threats that need to be addressed. With this in mind, we've developed an all-in-one solution that ticks all the boxes. So that you could be proactive, rather than reactive in situations when seconds matter.

It's the go-to solution for colleges and universities looking to give peace of mind and confidence to their faculty, students and their partners.

Powerful features included in the solution:

- Gun detection
- Active shooter tracking in real-time
- Parking area safety
- Fight detection
- Intrusion detection
- COVID-19 protective measures (including thermal screening, social distancing monitoring, face mask usage detection, real-time people counting and contact tracing)

Equip your facility with the leading AI-powered physical security solution.

Get in touch with us today and let's discuss how we could help upgrade your security infrastructure.

Scylla Physical Threat Detection Technology Is Trusted By
